Profile Summary

Motivated and detail-oriented B.Tech graduate with a strong foundation in **Python, Django, Flask, MySQL, and Backend Development**. Passionate about developing secure, scalable, and efficient web applications while solving real-world problems through technology. Skilled in writing clean, maintainable code and building database-driven applications using modern software development practices. Familiar with frontend technologies (HTML, CSS, JavaScript) for seamless frontend-backend integration. Eager to contribute as a **Backend Developer** while continuously learning modern technologies and industry best practices.

- Strong foundation in Python, Django, Flask, MySQL, and Backend Web Development.
- Skilled in developing CRUD applications, REST APIs, and database-driven web applications.
- Proficient in HTML, CSS, JavaScript, and Web Programming.
- Knowledge of Data Analysis using SQL, Power BI, Tableau, and Microsoft Excel.
- Familiar with Data Science, Generative AI, and AI-assisted development tools.
- Strong understanding of Object-Oriented Programming (OOP), problem-solving, and software development concepts.
- Quick learner with excellent analytical, communication, and teamwork skills.
- Passionate about building scalable, secure, and user-friendly software solutions.

Education

B.Tech, DBATU Lonere,
Raigad University. 2026

H.S.C,
Nashik Divisional
Board. 2022
GPA : 56.00%

S.S.C,
Nashik Divisional
Board. 2020
GPA : 75.20%

Certifications

- Python Internship Training Certificate
- Linux Training Certificate
- Python Data Science With Fullstack Certificate

Interests

- Exploring Emerging Technologies
- Traveling
- Music Listening

Extra-Curricular Activities

- Event Coordinator, College Technical & Cultural Events
- Class Representative

Soft Skills

Strong written and verbal communication, problem-solving, analytical and logical thinking, leadership, team collaboration, quick learning,

Project

AI Resume Analyzer

- Developed an AI Resume Analyzer using **Python, Django, MySQL, and Generative AI**.
- Implemented **resume parsing, skill extraction, job description matching, and match score calculation**.
- Built **REST APIs, secure authentication, file upload, and database management** for seamless backend functionality.
- Strengthened **problem-solving, analytical thinking, debugging, backend development, teamwork, and communication** skills through project implementation.
